

Cable Cleaner

TECHNICAL INFORMATION

Cable Cleaner is a cleaner and degreaser cable. It allows to remove dirt, dust and grease from the cable.

Cable Cleaner will not damage the rubber or plastic. **Cable Cleaner** evaporates completely, without any residue.

Cable Cleaner is **BIOSOL 95** based but in not inflammable formula, and allow to remove cable filling greases.

The handy 100 ml bottle with spray, as in the picture, allows you to spray the product directly onto the part to be cleaned. Subsequently, by use of a dry cloth, it is possible to clean thoroughly the cable.

Cable Cleaner can replace other products currently used for the same purpose with an advantage in terms of cost and safety.
